

# An Extension of Power...

## XTREAM PRO-EXB

Small & mighty! The Xstream PRO-EXB Blu-ray extender has no problem adapting with our higher end media servers. With a 1080p Blu-ray, Upconverting DVD player and 500 Gb of internal storage it is a powerhouse when combined with our 4800 or 8800. This is not a stand alone piece.

### Key Features:

- Standard component size (3u)
- Stream Blu-Ray or Play Locally
- Stream Music, Dvd Movies & Photos from your 4800 or 8800 media centers
- 1080p
- Upscaling DVD player
- Ir Remote
- Super quiet design
- 10/100/1000 Ethernet
