Press Release: Xtream Media Servers Names Bill Gibson Regional Sales Director

Gibson to Manage Xtream Media Servers Sales in California.

07/16/2009 – Redlands, CA – Xtream Media Servers, providers of seamless media storage and networking in residential and commercial markets using the most innovative technology available today, is pleased to announce the appointment of Bill Gibson to the newly created position of Regional Sales Director, for California.

As a manufacturer focused on high quality products, Xtream Media Servers find it crucial to have the highest quality people on their team. In this position Gibson will be responsible for all sales activity in California.

“Bill has a perfect mix of technical expertise, passion and people skills,” says Xtream Media Server President Jeffery Asherbranner. “Along with his commitment to providing the best service to his customers, Bill really understands the needs of the marketplace. Bill will be a great asset to our team.”

Gibson comes to Xtream Media Servers from Kaleidescape where he was an Account Manager responsible for the Los Angeles and San Fernando Valley territories.

Gibson can be reached at 310 292 1745 or bgibson@xtreammediaservers.com
